VII. ADMINISTRATION OF AWARDS ....................................................................................... 60
Introduction

I. INTRODUCTION

1. Background

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the Federal Government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008. NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994.

2. Purpose and Scope

This instruction document is intended to assist applicants in the preparation and submission of applications to NIFA. It is also the primary document for use in preparation of applications via Grants.gov. Where appropriate, relevant sections of the Grants.gov User Guide have been incorporated by reference.

3. Intended Audience

Individuals, organizations, etc. that meet the eligibility requirements of a NIFA funding opportunity and are interested in submitting an application to NIFA in response to a funding opportunity.

4. Document Symbols

The following symbols are used throughout this document to highlight information that is of particular interest or importance:

This symbol indicates NIFA-specific instructions.

This symbol represents a link to an important reference material.

This symbol represents a required field. Required fields in application forms are further indicated by a yellow highlight.

5. Referenced Documents

5.1 NIFA Funding Opportunity

A NIFA Funding Opportunity (e.g., request for applications, full announcement) provides information specific to an opportunity for funding through NIFA. A request for applications (RFA) includes, among other things, eligibility information and guidance for the preparation of applications for submission to NIFA. NIFA makes active funding opportunities available via Grants.gov (http://www.grants.gov) or the NIFA web site.

II. GENERAL INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Registration Process

Before using Grants.gov for the first time, each organization must register to create an institutional profile. Once registered, the applicant’s organization can then apply for any government grant on the Grants.gov website, including NIFA grants. **Because of the time needed for the registration process, the process should be initiated well in advance of the electronic submission of an application.**

Grants.gov Registration: [http://www.grants.gov/applicants/get_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp)

The registration process includes the Central Contractor Registration (CCR). CCR is the official, FREE on-line registrant database for the U.S. Federal Government. CCR collects, validates, stores and disseminates data in support of agency acquisition and award missions. CCR validates the registrant information and electronically shares the secure and encrypted data with the federal agencies’ finance offices to facilitate paperless payments through electronic funds transfer (EFT). Registrants are required to complete a one-time registration to provide basic information relevant to procurement and financial transactions. Registrants must update or renew their registration at least once per year to maintain an active status.

Entities (private non-profits, educational organizations, state and regional agencies, etc.) that apply for assistance awards from the Federal Government through Grants.gov must register with CCR. Each entity that applies and does not have an exemption under Sec. 25.110 of 2 CFR will: (1) Be registered in the CCR prior to submitting an application or plan; (2) Maintain an active CCR registration with current information at all times during which it has an active Federal award or an application or plan under consideration by an agency; and (3) Provide its DUNS number in each application or plan it submits to the agency (the DUNS Number is assigned by Dun & Bradstreet, Inc. (D&B) to identify unique business entities).

Registration in no way guarantees that a contract or assistance award will be awarded. Please note that any information provided in your registration may be shared with authorized federal government offices.

Beginning August 9, 2011, the Grants.gov validation process will include a check for an active CCR registration (applicants with expired CCR registrations will be rejected).

In July 2012, the System for Award Management (SAM), a new system that was combines eight federal procurement systems, including the Central Contractor Registry (CCR), and the Catalog of Federal Domestic Assistance into one new system, is expected to be implemented. Once implemented, the CCR activities will be conducted through SAM (the CCR website will redirect users to SAM). At that point, those organizations that need to register will visit [https://www.sam.gov/sam/](https://www.sam.gov/sam/). Those organizations that already have a CCR registration will visit the SAM website and should note the following:

- You’ll create a new SAM User ID and Password.
- Your CCR permissions will be verified via your email account.
- Your CCR registration information (Entity Information) will be waiting for you in SAM.

2. Software Requirements

2.1 Adobe Reader

In order to access, complete and submit applications, applicants must download and install a version of Adobe Reader compatible with Grants.gov. **This software is essential to apply for NIFA Federal assistance awards.**

For basic system requirements and download instructions, please see the Grants.gov User Guide.

To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination.

---

1 Note: If the applicant has problems setting up software on their machine, the applicant may not have security permissions to install new programs on their system. If that is the case, they should contact their organization’s system administrator.
III. NIFA-SPECIFIC INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Comments on NIFA Instructions
To submit comments to NIFA regarding the content of the NIFA Grants.gov Application Guide send an e-mail to: policy@nifa.usda.gov (this e-mail address is intended only for receiving comments). Please include “NIFA Grants.gov Application Guide” in the subject line of the e-mail and detailed information regarding the comment.

2. Components of a NIFA Application
The documents listed in Table 1 are components that may be part of a NIFA application. The Grants.gov Application Package for the funding opportunity will identify which forms are required (must be submitted to NIFA as part of the application) and which one(s), if any, are optional (may, as necessary, be submitted to NIFA as part of the application). Detailed instructions for completing the documents can be found on the page indicated in the table.

3. Conformance with Application Preparation Requirements
It is imperative that all applications conform to the application preparation and submission instructions. All attachments to an application must comply with NIFA font, spacing and margin requirements and MUST be in pdf (portable document format) (see Part III., 3.1) otherwise the application is at risk of being excluded from NIFA consideration or handled otherwise. Please note that a NIFA RFA may include specific requirements; therefore, it is critical to pay particular attention to any related language in the RFA. NIFA may exclude from consideration applications that are not consistent with these instructions or those included in the applicable RFA.
3.1 Attachments (Required to be in pdf)

A. **Format of Contents:** Attachments to an application should be a typed or word processed document using no type smaller than 12 point font regardless of line spacing with at least one-inch margins. Each page of an attachment should be numbered sequentially. These specifications apply unless noted otherwise in a request for applications (RFA). If a page limitation applies to a specific attachment it will be noted in this Guide or the RFA.

B. **File Format:** NIFA **REQUIRES** the electronic application attachments be in **portable document format (pdf).** Using pdf format allows applicants to preserve the formatting of their documents. In order to save a document as a pdf, the applicant will need to use pdf generator software. Grants.gov has published the following web page on tools and software that the applicant can use:

![Tools and software the applicant can use for portable document format:](http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs)

C. **File Name Restrictions:** File names of pdf attachments must be limited to 50 characters, may not include special characters (e.g., &,-,*,%,#), periods (.), blank spaces or accent marks, and must be unique (i.e., no other attachment may have the same file name). An underscore (example:my_Attached_File.pdf) may be used to separate a file name.

D. **File Protections:** The pdf attachment must **NOT** be password protected. This requirement includes attachments that are submitted as part of a multi-organization application; therefore, the lead institution should ensure, prior to application submission, that documents from collaborators are **NOT** password protected.

**ANY APPLICATION NIFA RECEIVES CONTAINING ATTACHMENTS THAT ARE NOT COMPLIANT WITH A. THROUGH D. ABOVE ARE AT RISK OF BEING EXCLUDED FROM NIFA CONSIDERATION.**

**ATTENTION:** There is a paper clip icon on the left side of the page in every application. Do **NOT** attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

4. **Submission of Same Application to Multiple Agencies**
Concurrent submission of an application to other organizations for simultaneous consideration will not prejudice its review.

5. **Submission of an Application for NIFA Review**
An application may be submitted only once to NIFA. The submission of duplicate or substantially similar applications concurrently for review by more than one program will result in the exclusion of the redundant applications from NIFA consideration.

6. **Application Status**

6.1 **Grants.gov Application Status and Viewing the Application Manifest**
Within two days of submitting a grant application, Grants.gov will send two email messages to the applicant:

- The first will confirm receipt of the application by the Grants.gov system.
- The second will indicate that the application has either been successfully validated by the system prior to transmission to the grantor agency OR has been rejected due to errors.
If the application was successfully validated then Grants.gov will send a third e-mail that the application has been passed to the Agency.

There are two ways to verify the status of an application submitted to Grants.gov. One way is to use the “Track My Applications” under the Applicants section of Grants.gov. This does not require a user name or password. The second way is to “Check My Application Status” under Applicant Login located under the Applicants section of Grants.gov. This status requires a user name and password to be accessed and used. This latter option provides the applicant the opportunity to view a “manifest” of submitted forms and files within Grants.gov. This manifest will allow the applicant to review the list of forms and file attachments that were properly uploaded and received by Grants.gov.

**OPTION 1 – Check status of application**

Check Grants.gov Application Status on the Track My Application Page: [https://apply07.grants.gov/apply/checkApplStatus.faces](https://apply07.grants.gov/apply/checkApplStatus.faces)  Once on the Track My Application page, enter up to five Grants.gov tracking numbers (one per line) and select the Track button. The system will display general information about the status of each application in a chart format as shown below.

**OPTION 2 – Check status of application and view manifest of submitted forms and files**

Check Grants.gov Application Status on the Check My Application Status Page: [https://apply07.grants.gov/apply/login.faces?cleanSession=1&userType=applicant](https://apply07.grants.gov/apply/login.faces?cleanSession=1&userType=applicant)  Once logged in using the above link you will be in the Applicant Center. In the applicant center choose the “Check My Application Status” link. You will be given the option to search for your application(s) in several different ways. Choose the one that best fits what you are searching for and how the information should be displayed to you. Once you have made your selection(s) you will be presented with a chart as shown below.

It is extremely important for the applicant to thoroughly review the manifest to ensure that required attachments outlined in the RFA are included and follow PDF requirements (see Part III Section 3.1 of this Guide for NIFA attachment specifications). Submitted applications that do not contain the required forms and file attachments will not be reviewed.
If issues are found with the manifest, applicants are to submit the application:

PRIOR to the deadline – It is preferable that applicants correct the application and submit it prior to the established deadline for the applicable funding opportunity. The applicant MUST notify the Agency Contact (identified in Part VII of the applicable request for applications) via telephone or email so s/he is aware that there are two applications and that one is to be accepted and the other removed from consideration. Without the notification, both applications may be excluded from consideration per section 5. of this Part.

FOLLOWING the deadline – Applicants are advised to correct the application and submit it as soon as is feasibly possible. Note, however, that this latter submitted application will be considered late (see “meeting the deadline” under Part IV, 1.9 of this Guide) and documentation of the extenuating circumstance (e.g., hurricane, flood, fire) must be provided accordingly. The applicant MUST notify the Agency Contact identified in Part VII of the applicable request for applications) via telephone or email so s/he is aware that there are two applications and that one was submitted prior to the deadline with issues and a corrected version submitted following the deadline. Without the notification, both applications may be excluded from consideration per section 5. of this Part. If the late application is not accepted for consideration it is possible that the one submitted prior to the deadline may be accepted for consideration if it meets Grants.gov and agency validation processes.

6.2 USDA/NIFA Application Status

NIFA will send two email messages to the applicant.
- The first will confirm receipt of the application by NIFA.
- The second will indicate that the application has either been accepted OR declined for review by NIFA.

7. Grants.gov and NIFA Assistance

7.1 Grants.gov Contact Center

If help is needed with the Grants.gov registration process for the applicant organization, downloading or navigating Adobe forms, or with the technical aspects of submitting to the Grants.gov system, check the resources available on the Grants.gov web site first (http://www.grants.gov). The Grants.gov Help page (http://www.grants.gov/help/help.jsp) contains useful information including answers to frequently asked questions (FAQs).

Grants.gov assistance is also available as follows:

- Typical escalations: Policy questions/System bugs/Training or Meeting requests.

7.2 NIFA Help

Useful information is available via the NIFA web site (http://www.nifa.usda.gov/funding/application_info.html). If after reviewing the NIFA Grants.gov Application Guide and the applicable request for applications, assistance is still needed for preparing application forms, contact:

- Email: electronic@nifa.usda.gov
- Phone: 202-401-5048
- Business hours: Monday through Friday, 7:00 am – 5:00 pm Eastern Time, excluding Federal holidays.

7.3 Application File Update – Post Submission

Applications submitted through Grants.gov are considered official submissions to the Federal government. Applicants wishing to change or correct a previously submitted application should immediately contact the appropriate NIFA agency contact that is identified in the applicable RFA.
IV. GRANT APPLICATION PACKAGE INSTRUCTIONS

1. Grant Application Package

A Grant Application Package is tied to a particular funding opportunity. Applications prepared using the Grant Application Package may ONLY be submitted to the particular funding opportunity to which the Grant Application is associated. In other words, an application prepared using a Grant Application Package may not be submitted to a different funding opportunity; one must access the Grant Application Package associated with said funding opportunity and prepare and submit the application to that funding opportunity.

1.1 Verify Grant Information

Verify that the information shown corresponds to the grant for which the applicant wishes to apply. Grants.gov will auto-populate the following information:

- Opportunity Title
- Offering Agency
- Catalog of Federal Domestic Assistance (CFDA) Number
- CFDA Description
- Opportunity Number
- Competition ID (NIFA does not utilize this field, therefore, no information will be pre-populated in the field; the field will be blank. Do not enter any information in the field.
- Opportunity Open Date
- Opportunity Close Date
- Agency Contact

This electronic grants application is intended to be used to apply for the specific Federal funding opportunity referenced here.

If the Federal funding opportunity listed is not the opportunity for which you want to apply, close this application package by clicking on the “Cancel” button at the top of this screen. You will then need to locate the correct Federal funding opportunity, download its application and then apply.
Research and Related (R&R) Forms and Instructions

An application may only be submitted in response to the Federal funding opportunity from which it is obtained. For example, you may NOT utilize a grant application package downloaded for a funding opportunity in one fiscal year to submit an application to another funding opportunity in the following year even if it is the same program.

1.2 Enter a Name for the Application
A. Check the box indicating that the applicant will be submitting applications on their own behalf (if applicable). The check box will only be shown on funding opportunities that are open to individuals.

B. Enter a name for the application in the * Application Filing Name field. This field is required. This name is for use solely by the applicant for you to track through the Grants.gov submission process. It is not used by the receiving agency. Any combination of letters and/or numbers may be used in the naming of the application file.

☐ I will be submitting applications on my behalf, and not on behalf of a company, state, local or tribal government, academia, or other type of organization.

* Application Filing Name: _______________________

1.3 Open and Complete Mandatory Documents
Complete all of the documents listed in the “Mandatory” section. Complete the SF-424 (R&R) first. Data entered on the SF-424 (R&R) will populate other mandatory and optional forms where possible.

To access a form or document, click on the form/document name. Alternatively, you need only scroll up or down, as appropriate, to locate the desired form/document.

1.4 Add and Complete Optional Documents
These documents can be used to provide additional support for the application or may be required for specific types of funding opportunities.

Optional

☐ R & R Subaward Budget Attachment(s) Form SF 302 ATT

To add an “Optional” form/document to the application package → simply check the box to the left of the desired form/document.

1.5 Navigating the Forms
The SF-424 (R&R) Cover Sheet and R&R Budget forms/documents are two or more pages in length. The applicant must complete the mandatory fields on each page of the form/document. To navigate to the next page of a form/document, simply scroll down the screen.
To go back to the first page of the form/document or to the Grant Application Package screen, simply scroll up the screen. The application package must be saved from the Grant Application Package screen. More information on saving the application package is available in Section 1.7, Saving the Application.

On the R&R Budget form/document, the applicant may enter up to 5 budget periods. To add a new budget period, the applicant must first complete Budget Period 1 including attaching a budget narrative. The “Next Period” button at top of page 3 of the R&R Budget form/document will become active once all the required fields in Budget Period 1 are completed.

Many of the forms/documents in the application package require the applicant to attach files. As stated in Section 3.1, Portable Document Format (pdf), NIFA Requires that ALL attachments be submitted in pdf format. All attachments also must have a unique name to identify the attachment. Attachment file names should indicate the file contents (e.g., Project Summary).

1.6 Accessing Help Tips

To access help tips scroll over a field on the form/document to reveal the help text for that field. Not every field has a help tip.

1.7 Saving the Application

The application package can only be saved from the Grant Application Package screen. It is recommended that after the applicant completes each form/document that they save the application package by clicking on the “Save” button at the top of the Grant Application Package Screen. It is important to note that the application package will be saved to the last active directory on the applicant’s computer. Therefore, the applicant should save the application package to their hard drive where it can be easily accessed. The applicant may save their application package at any time and should save the application package with the same file name each time.

1.8 Check Package for Errors

To initiate the Grants.gov edit check process, simply click on the “Check Package for Errors” button at the top of the screen.

This process will identify all mandatory fields that have not been completed by the applicant. These errors will be displayed one at a time.

ATTENTION: There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.
1.9 Submitting an Electronic Application

REMINDER: See Part III, 3.1 for pdf attachment requirement information. ANY APPLICATION NIFA RECEIVES WITH ATTACHMENTS THAT ARE NOT COMPLIANT WITH ITEMS A. THROUGH D. OF PART III, 3.1 IS AT RISK OF BEING EXCLUDED FROM NIFA CONSIDERATION. Partial applications will be excluded from NIFA consideration.

The AR must open the browser, open the application and then press the Submit button. To submit the application:

1. Close all open browser(s) and running applications.
2. Open the internet browser.
3. Navigate to the physical location where the application file is located. Select the application to open.
4. The internet browser will open the application. This may take a few moments. Please be patient.
5. Once the application is completely open, click the Save button. (The Save and Submit button will not become active until all mandatory documents have been properly completed and there are no errors in the application, and you have saved the file after opening the internet browser.) The Save and Submit button will now be active.
6. Click Save and Submit.
7. A dialog box will appear and you will need to enter your Grants.gov username and password.
8. Lastly, click Login.

Once you have saved the application using the Save & Submit button, a dialog box will appear and you will need to enter your Grants.gov username and password. Follow all onscreen instructions for submission.

Only the AR has the authority and user rights to Sign and Submit an application to Grants.gov. Additional submission tips may be found at the Grants.gov website.

Described below are the requirements for successful submission of an application, all of the following steps must be met for an application to be considered for competitive peer review:

1) Meeting the deadline: To electronically send the application to Grants.gov the submit button is hit, which triggers a date and time stamp on the application. The date and time stamp is used to determine whether the application was received by Grants.gov before the deadline, which is prior to close of business (5:00 p.m. Eastern Time) on date as identified in the applicable request for applications. An application submitted or resubmitted after the deadline is late. Consideration of late applications is only given in extenuating circumstances (e.g., natural disasters, confirmed Grants.gov outage) with proper documentation and support of the Agency Contact (see Part VII of the request for applications; for the Small Business Innovation Research program (SBIR) the Program Contacts are specified under subsection 1.5 of the SBIR Program Solicitation). The occurrence of one of these situations does not automatically ensure that a late application will be accepted. If an applicant wants a late application considered under an extenuating circumstance, the applicant should contact the Agency Contact accordingly.

Successful Grants.gov validation: The Grants.gov system performs a limited check of the application (see section 1.8 above), and applicants are notified by Grants.gov of the outcome of the initial review. Beginning August 9, 2011, the Grants.gov validation process will include a check for an active CCR
registration (applicants with expired CCR registrations will be rejected). In July 2012, the CCR registration activities will be conducted through the System for Award Management (SAM). See Part II.1. for more detailed information.

2) Applications meeting Grants.gov requirements are made available to the funding agency for further processing. Applications that fail Grants.gov validation may be resubmitted to Grants.gov if the original agency deadline has not passed. (Note that the Grants.gov system may allow applications to be submitted after the deadline has passed, but the application is considered late by NIFA.)

3) Successful Agency validation: NIFA staff perform precursory review of the application. The agency validation process includes, for example, meeting eligibility requirements and following agency application guidelines (e.g., formatting, page limitations, limits on budget requests). Applicants are notified by NIFA of the outcome of this review.

Checking the List of Forms and File Attachments in Grants.gov

After submitting an application, the applicant can view a “manifest” of submitted forms and files within Grants.gov. This manifest will allow the applicant to review the list of forms and file attachments that were properly uploaded and received by Grants.gov.

For information about how to check an application’s status within Grants.gov, how to view its manifest, and what to do should there be issues with the manifest, see Part III, 6.1.

It is extremely important for the applicant to thoroughly review the manifest to ensure that required attachments outlined in the RFA are included and follow PDF requirements (see Part III Section 3.1 of this Guide for NIFA attachment specifications). Submitted applications that do not contain the required forms and file attachments will not be reviewed.
V. RESEARCH AND RELATED (R&R) FORMS AND INSTRUCTIONS

1. Overview
This section contains both the SF-424 (R&R) instructions and any applicable NIFA-specific instructions (NIFA-specific and cross-agency forms and instructions are included in Part VI). The NIFA-specific instructions are identified by the USDA logo. It is important that all applications conform to these SF-424 (R&R) General Instructions and, where specified, with the NIFA-specific instructions. Conformance is required and will be strictly enforced unless a deviation has been approved in advance of submission. Applicants are advised that NIFA may exclude from consideration applications that are not consistent with these instructions. The NIFA applicant is required to complete and submit the following SF 424 (R&R) forms as part of the application package:

• SF 424 (R&R) Cover Sheet;
• SF 424 (R&R) Performance Site Locations;
• SF 424 (R&R) Other Project Information;
• SF 424 (R&R) Senior/Key Person (Expanded);
• SF 424 (R&R) Personal Data;
• SF 424 (R&R) Budget

The following SF 424 (R&R) form is optional and only should be submitted when appropriate:
• SF424 (R&R) Subaward Budget Attachment

Detailed instructions for other forms that may be part of the application package are included in Part VI. Detailed instructions for the completion of each of the SF 424 forms are explained in the following sections.
2. **SF-424 (R&R) (Cover Sheet)**

### 2.1 Enter a Type of Submission (Field 1 on the Form)

Select a type of submission. If this submission is to change or correct a previously submitted “New” application, click the Changed/Corrected Application box and enter the Grants.gov tracking number in the Federal Identifier field. If this submission is to change or correct a “resubmission”, “renewal”, “continuation”, or “revision” application, leave the Federal identifier field as previously filled with the existing identifier (e.g. Award number). Do NOT insert the Grants.gov tracking number in these cases. Unless requested by the agency, applicants may not use this to submit changes after the closing date. This field is required.
A changed/corrected application should **only** be submitted **after** the appropriate NIFA program contact has been contacted. The changed/corrected application is when an applicant needs to modify an application they have ALREADY submitted through Grants.gov and that the latter submission is done PRIOR to the established deadline.

Unless specifically required by a NIFA request for application, pre-applications are **not** required and should **not** be submitted to NIFA.

### 2.2 Enter Date Submitted and Applicant Identifier (Field 2 on the Form)

Enter the date the application is submitted to Federal agency (or State if applicable). Please use mm/dd/yyyy format (e.g., 08/13/2009). Enter the Applicant’s control number (if applicable) in the **Applicant Identifier** field.

The Applicant Identifier field is for use when an institution has their own system for tracking applications. This field allows the applicant to enter their application identifier on the application, if applicable.

### 2.3 Enter Date Received by State and State Application Identifier (Field 3 on the Form)

Enter the date received by state (if applicable). Enter the state application identifier (if applicable) in the **State Application Identifier** field.

NIFA does not utilize this information; therefore, leave the Date Received by State and State Application Identifier field blank.

### 2.4 Federal Identifier (Field 4 on the Form)

New project applications should leave this field blank unless you are submitting a changed/corrected application. When submitting a changed/corrected “New” application, enter the Grants.gov tracking number. If this is a continuation, revision or renewal application, enter the assigned Federal identifier number (for example, award number) – even if submitting a changed/corrected application.

If a **renewal** application (see 2.8 of this section) is being submitted, enter the NIFA-assigned award number of the previously-funded application in the Federal field (Field 4 on the form). If a **resubmission** application (see 2.8 of this section) is being submitted, enter the NIFA-assigned proposal number of the previously-submitted application in the Federal field (Field 4 on the form). If a **resubmission renewal** application (see 2.8 of this section) is being submitted, select “resubmission” and enter the NIFA-assigned proposal number of the previously-submitted application in the Federal field (Field 4 on the form). If a **continuation** application (see 2.8 of this section) is being submitted, enter the NIFA-assigned award number of the previously-funded application in the Federal field (Field 4 on the form).

### 2.5 Enter Applicant Information (Field 5 on the Form)

Enter the DUNS or DUNS+4 number of the applicant organization in the **Organizational DUNS** field. This field is required.

For the legal name field enter the legal name of the applicant organization or individual (i.e., in whose name an award, if appropriate, should be made).

Applicants that are individuals cannot enter information into the Organizational DUNS field. Note that by checking the box on the Grant Application Package main page indicating that the application is being submitted by the applicant on their own behalf (see Part IV section 1.2), the Organizational DUNS field will be prepopulated with a number designated for applicants submitting as individuals.

- **Resubmission** - An application that has been previously submitted, but not funded, and is being resubmitted for new consideration.
- **Renewal** - An application requesting additional funding for a period subsequent to that provided by a current award. A renewal application competes with all other applications and must be developed as fully as though the applicant is applying for the first time.
- **Continuation** - A non-competing application for an additional funding/budget period within a previously approved project period.
- **Revision** - An application that proposes a change in - 1) the Federal Government's financial obligations or contingent liability from an existing obligation; or, 2) any other change in the terms and conditions of the existing award.
This field is required.

Check Part II, B. of the RFA for the types of applications that may be submitted in response to the RFA. If a renewal application is being submitted, enter the NIFA-assigned award number of the previously-funded application in the Federal field (Field 4 on the form). The type of application accepted may vary by funding opportunity. The RFA will stipulate the type of application that may be submitted to NIFA in response to the funding opportunity.

* Is this application being submitted to other agencies? – Enter yes or no. This field is required If yes, enter Agency name.

List the names or acronyms of all other public or private sponsors including other agencies within USDA to which your application has been or might be sent. In the event you decide to send your application to another organization or agency at a later date, you must inform the identified NIFA program contact as soon as practicable. Submitting your application to other potential sponsors will not prejudice its review by NIFA; however, submitting the same (i.e., duplicate) application to another NIFA program is not permissible.

2.9 Name of Federal Agency (Field 9 on the Form)

* Name of Federal Agency – This is the name the Federal agency from which assistance is being requested by this application. This information is pre-populated from the opportunity package.

2.11 Enter Descriptive Title of Applicant's Project (Field 11 on the Form)

* Descriptive Title of Applicant's Project - Enter a brief descriptive title of the project. This field is required. The title should be a brief (140-character-maximum including spaces), clear, and specific designation of the proposed project. Project titles are read by a variety of nonscientific people; therefore, highly technical words or phraseology should be avoided where possible. In addition, introductory phrases such as "investigation of," "research on," “education for," or “outreach that” should not be used.

2.12 Enter Proposed Project (Field 12 on the Form)

* Start Date – Enter the proposed start date of the project. This field is required. Please use mm/dd/yyyy format (e.g., 08/13/2009).

* Ending Date – Enter the proposed end date of the project. This field is required. Please use mm/dd/yyyy format (e.g., 08/13/2009).

The proposed duration for which support is requested must be consistent with the nature and complexity of the proposed activity. In some situations, a funding opportunity may limit the duration of requested support. In such cases, the limitations will be addressed in the RFA. Specification of a desired starting date for the project is
important and helpful to NIFA staff; however, NIFA may not always be able to meet the requested dates. In such cases, NIFA will consult with the applicant.

2.13 Enter Congressional Districts (Field 13 on the Form)

* Applicant - Enter the applicant's Congressional District. Enter the Congressional District in the format: 2 character State Abbreviation - 3 character District Number. Signature of Authorized Representative It is the organization’s responsibility to assure that only properly authorized individuals submit the application to Grants.gov. This field is completed on submission to Grants.gov.

Date Signed This field is completed on submission to Grants.gov.

2.21 Enter Pre-Application (Field 20 on the Form)

If submitting a pre-application, provide a summary description of the project in accordance with the announcement and/or agency-specific instructions and attach here.

Infrequently, a NIFA funding opportunity will require or request submission of a preliminary application in advance of submission of a full application. The two predominant reasons for requiring submission of a preliminary application are:

- Reduce the applicant’s unnecessary effort in application preparation when the chance of success is very small. This is particularly true of exploratory initiatives where the community senses that a major new direction is being identified, or competitions that will result in a small number of actual awards; and
- Increase the overall quality of the full submission.

The NIFA RFA will specify the content and submission requirements in Section V.A of the RFA when preliminary applications are to be utilized. Note that a pre-application is not the same as a Letter of Intent which NIFA, in some cases, may utilize. The RFA will state when a pre-application or a Letter of Intent is to be submitted, if appropriate; the RFA will remain silent if the items are not utilized.

**4.1 Are Human Subjects Involved? (Field 1 on the Form)**

If activities involving human subjects are planned at any time during the proposed project at any performance site, check yes. Check yes, even if the proposed project is exempt from Regulations for the Protection of Human Subjects. If no, skip the rest of block 1. This field is required.

Projects involving research with human subjects must ensure that subjects are protected from research risks in conformance with the relevant Federal policy known as the Common Rule (Federal Policy for the Protection of Human Subjects, 45 CFR 600). All projects involving human subjects must either (1) have approval from the organization's Institutional Review Board (IRB) before issuance of an NIFA award or, (2) must affirm that the IRB or an appropriate knowledgeable authority previously designated by the organization (not the Project Director) has declared the research exempt from IRB review in accordance with the applicable subsection, as established in section 101(b) of the Common Rule. The box for “Human Subjects” must be checked “yes” with the IRB approval date (if available) or exemption subsection from the Common Rule identified in the space provided. Check “yes” even if the proposed project is exempt from Regulations for the Protection of Human Subjects. If “no”, skip the remaining questions about Human Subjects. If “no” is checked at the time of submission and subsequently it is determined that human subjects are necessary, then the applicable program contact (identified in Block 14. of Form NIFA-2009, Award Face Sheet, of the award document) is to be contacted for instructions on the submission of updated human subject information.

To comply with these provisions, all applicants must complete a representation available at http://www.csrees.usda.gov/funding/pdfs/felony_tax_cert.doc and include it in the application. Paragraph (1) of the representation must be completed, and all corporate applicants also must complete paragraphs (2) and (3) of this representation. The representation is to be included in field 12, Other Attachment, of the application. See Part III Section 3.1 of this Guide for NIFA attachment specifications.

The applicant also will be required to provide additional information on consultants and collaborators in the budget portion of the application.
Beginning with the PD/PI, provide a profile for each senior/key person proposed. Unless otherwise specified in an agency announcement, Senior/Key Personnel are defined as all individuals who contribute in a substantive, measurable way to the scientific development or execution of the project whether or not salaries are requested. Consultants should be included if they meet this definition.

A R&R Senior/Key Person Profile should be completed, at a minimum, for the PD, each co-PD, senior associate, and other professional personnel. A co-PD serves the same role as a PD (defined in 2.15 of this Part) however the PD is the named contact to facilitate communications with NIFA. A paraprofessional is an individual who through formal education, work experience and/or training has the knowledge and expertise to assist a professional person.

Concurrent submission of a proposal to other organizations will not prejudice its review.
A suggested template for the current and pending support is located at http://www.nifa.usda.gov/funding/templates/current_pending.doc. A current and pending support list should be included for the PD/PI even if no other funding is currently reported as “Active,” this application is to be identified as “Pending” in the information submitted. Please note that the project being proposed should be identified as pending in the attached document. The percent of time committed should not exceed 100% of effort for concurrent projects. An application that duplicates or overlaps substantially with an application already funded (or to be funded) by another organization or agency will not be funded under this program. Prepare the current and pending support list(s) following the instructions and format noted below. See Part III Section 3.1 of this Guide for NIFA attachment specifications.

### Instructions:

1. Record information for active and pending projects, including this proposal. (Concurrent submission of a proposal to other organizations will not prejudice its review by NIFA.)
2. All current efforts to which project director(s) and other senior personnel have committed a portion of their time must be listed, whether or not salary for the person involved is included in the budgets of the various projects.
3. Provide analogous information for all proposed work which is being considered by, or which will be submitted in the near future to, other possible sponsors including other USDA programs.

### 5.4 Enter Profile – Senior/Key Person 1

Enter information for Senior/Key Person 1 following the instructions included in Sections in 5.1, 5.2, and 5.3.

Select “Next Person” to enter the next senior/key person entry. Complete the same information noted in Sections 5.1 through 5.3 for additional senior/key persons.

A PD/PI is the individual(s) a research organization designates as having an appropriate level of authority and responsibility for the proper conduct of the project, including the appropriate use of funds and administrative requirements such as the submission of progress reports to the agency. When an organization designates more than one PD/PI, it identifies them as individuals who share the authority and responsibility for leading and directing the project, intellectually and logistically. The sponsoring agency does not infer any distinction in scientific stature among multiple PD/PIS. To facilitate communication with NIFA, the submitting entity will be asked to select a contact PD/PI at the time of application. The contact PD/PI is the individual entered on the SF-424 R&R Cover Sheet (see Part V 2.15).

NIFA will recognize, on any award that is issued as a result of the application, all the PD/PI co-PD/PIS entered on this form (any individual listed as a “co-investigator” are not identified on the award). **You must attach “Current and Pending Support” information for each key person identified. Even if no other funding is currently reported as “Active,” this application is to be identified as “Pending” in the information submitted.**

To ensure proper performance of this form; after adding 20 additional Senior/Key Persons; please save your application, close the Adobe Reader, and reopen it.
The Federal Government has a continuing commitment to monitor the operation of its review and award processes to identify and address any inequities based on gender, race, ethnicity, or disability of its proposed PDs/PIs and co-PDs/PIs. To gather information needed for this important task, the applicant should submit the requested information for each identified PD/PI and co-PDs/PIs with each proposal. Submission of the requested information is voluntary and is not a precondition of award. However, information not submitted will seriously undermine the statistical validity, and therefore the usefulness, of information received from others. Any individual not wishing to submit some or all the information should check the box provided for this purpose. Upon receipt of the application, this form will be separated from the application. This form will not be duplicated, and it will not be a part of the review process. Data will be confidential.

The Federal government has a continuing commitment to monitor the operation of its review and award processes to identify and address any inequities based on gender, race, ethnicity, or disability of its proposed PDs/PIs and co-PDs/PIs. To gather information needed for this important task, the applicant should submit the requested information for each identified PD/PI and co-PDs/PIs with each proposal. Submission of the requested information is voluntary and is not a precondition of award. However, information not submitted will seriously undermine the statistical validity, and therefore the usefulness, of information received from others. Any individual not wishing to submit some or all the information should check the box provided for this purpose. Upon receipt of the application, this form will be separated from the application. This form will not be duplicated, and it will not be a part of the review process. Data will be confidential.

To meet the responsibilities of the Department of Agriculture, 7 U.S.C. 3121, NIFA must collect certain information to maintain its Privacy Act Record System, Privacy Act of 1974, 5 U.S.C. 552a. Such information includes the race and ethnicity information of the PD/PI and Co-PDs/PIs. This information is used only for tracking and statistical purposes necessary to meet the demands of the agency and will not be part of the review process. This information is purely voluntary in which case the failure or refusal to provide the information would not deny an individual any right, benefit, or privilege provided by law. However, it is strongly encouraged that applicants provide the requested information to increase the quality of the NIFA database, aid in verification of eligibility for certain programs and to have a unique identifier for principal investigators/project directors to aid in tracking grantees from one institution to another.

7.9 **Enter Indirect Costs (Field H on the Form)**

**Indirect Cost Type** - Indicate the type of base; e.g., Salary & Wages, Modified Total Direct Costs, Other (explain). Also indicate if Off-site. If more than one rate/base is involved, use separate lines for each. If you do not have a current indirect rate(s) approved by a Federal agency, indicate, "None--will negotiate" and include information for a proposed rate. Use the budget justification if additional space is needed.

**Indirect Cost Rate (%)** - Indicate the most recent Indirect Cost rate(s) (also known as Facilities & Administrative Costs [F&A]) established with the cognizant Federal office, or in the case of for-profit organizations, the rate(s) established with the appropriate agency. If you have a cognizant/oversight agency and are selected for an
award, you must submit your indirect rate proposal to that office for approval. If you do not have a
cognizant/oversight agency, contact the awarding agency.

**Indirect Cost Base** - Enter the amount of the base for each indirect cost type.

*Funds Requested ($) - Enter funds requested for each indirect cost type. This field is required.

**Total Indirect Costs** - Total Funds requested for indirect costs. This total will auto-calculate.

**Cognizant Federal Agency** - Enter the name of the cognizant Federal agency, name and phone number of the
individual responsible for negotiating your rate. If no cognizant agency is known, enter "None".

Many NIFA programs have statutory limits on the amount of F&A/indirect cost recovery. This limitation
flows down to subcontracts. Check Part IV, D. of the request for applications (RFA) for the limitations, if any, on
F&A/indirect costs (for the Small Business Innovation Research program (SBIR) indirect cost information is
specified under subsection 3.3 of the SBIR Program Solicitation). If indirect costs are allowed under the
program, then the following applies as appropriate:

- **When NIFA is not the cognizant Federal agency.** The applicant must have a basis for requesting indirect
costs in the application budget. The applicant should use the current negotiated indirect cost rate
established by its cognizant Federal agency (the agency that provides the most funds). If the applicant
does not have a current negotiated rate agreement, the applicant should calculate a rate in order to
request indirect costs. If awarded, the applicant will be required to produce a negotiated indirect cost rate
agreement from the cognizant agency in order to recover indirect costs. Applicants may request (i.e.,
budget) indirect costs using the lesser of: (a) the negotiated rate; or (b) the maximum statutory rate stated
in the Request for Application, if any. If unable to obtain a negotiated rate from its cognizant agency, the
applicant is not permitted indirect cost reimbursement. Rather, the applicant may only be reimbursed for
allowable direct costs. Violation of Cost Accounting Standards is not permitted when re-budgeting or
charging costs to awards.

- **When NIFA is the cognizant Federal agency.** The applicant must have a basis for requesting indirect
costs in the application budget. If the applicant does not have a negotiated rate, and NIFA is the
cognizant agency, the applicant must calculate an indirect cost rate in order to request indirect costs.
NIFA’s indirect cost website provides several sample indirect cost rate calculations. NIFA’s website is
process, the applicant is not required to complete the entire indirect cost package identified on NIFA’s
website. Rather, the applicant need only calculate an indirect cost rate to serve as a basis for requesting
indirect costs. If awarded, the applicant will be required to submit a complete Indirect Cost Proposal
(ICP) package as explained on NIFA’s indirect cost website.

### 7.10 Verify Total Direct and Indirect Costs (Field I on the Form)

**Total Direct and Indirect Institutional Cost (G+H)** – Total Funds requested for direct and indirect costs. This
total will auto-calculate.

### 7.11 Enter Fee (Field J on the Form)

Generally, a fee is not allowed on a grant or cooperative agreement. Do not include a fee in your budget unless
the program announcement specifically allows the inclusion of a "fee" (e.g., SBIR/STTR). If a fee is allowable,
enter the requested fee.
Inclusion of fees (profit) in a budget is allowable only if specifically authorized by a NIFA program solicitation.

7.12 Attach Budget Justification (Field K on the Form)

Use the budget justification to provide the additional information requested in each budget categories identified above and any other information you wish to submit to support your budget request.

The following budget categories must be justified, where applicable: equipment, travel, participant/trainee support and other direct cost categories. Only one file may be attached.
